

Global Media Summit APP Instructions

Please download the GMS APP from the website. It will not be on the APP Store. For quick access, you can add an icon to your home screen, making your Global Media Summit just as convenient to access as a normal app.

To add the Global Media Summit icon to your iPhone home screen, please follow these steps:

- Open www.GMSsummit.com in the Safari browser on your mobile device.
- On the bottom tray, click the 'export' button.
- Then select 'Add to home screen'.

This will add a thumbnail image to your iPhone's home screen, similar to an app, that will allow you quick and easy access to the Global Media Summit website. To access the schedule go to the upper right corner where the grid is and click on schedule. You will need this GMS APP, there will be no printed program at GMS.

To add a the Global Media Summit icon to your Android home screen, please follow these steps:

- Open www.GMSsummit.com on Chrome on your phone.
- Then touch the overflow button (three vertical dots) and select Add to Home Screen.
- Next, all you have to do is touch Add and the site will join your other apps and widgets.
- One recommendation: you can customize the text below the icon, just touch the text inside of the Add to Home Screen box and change it up.
